5001 East Philadelphia Street, Ontario, California 91761-2816 • (909) 472-4100 Fax (909) 472-4244 • www.iapmo.org

CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

The most updated information on this Certificate of Listing is available online at pld.iapmo.org

Effective Date: September 2015

Void After: September 2016

Product: Bathtubs (Plastic)

File No. 6574

Issued To: Victoria & Albert Baths, Llc.
4750 A Goer Drive
Charleston, SC 29406

*** NOTE:** These Victoria + Albert products are listed under the default heading of 'plastic' due to there being no IAPMO harmonized standard for natural stone / composite plumbing. Victoria + Albert Baths are presently working with IAPMO to resolve this inconsistency through the development of a suitable category; when finalized, these products will be re-listed.

Identification: Manufacturer's name or trademark, or both, and the date of manufacture shall be permanently and legibly marked on the unit. The product shall also bear the cUPC® certification mark. The manufacturer's identity and cUPC® mark shall be readily visible after installation.

Characteristics: One piece plastic bathtubs are manufactured with or without walls and with right or left hand outlets. Bathtubs intended for installation against a wall shall incorporate and integral, factory applied or field applied nailing flange in accordance with IAPMO/ANSI Z124.1.2-2005. Bathtubs without factory applied nailing flanges are listed as drop-in units only, and are not to be installed against the wall. To be installed in accordance with the manufacturer's instructions affixed to the unit and the requirements of the latest edition of the Uniform Plumbing Code. Whirlpool piping is not included in this listing. Piping, if installed, must carry a separate IAPMO listing.

TILE FLANGE KITS: The use of a listed tile flange kit allows installation against the wall.

Chairman, Product Certification Committee

CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing.
